Summary:

Data Analyst with 4+ years of experience in data analytics, business intelligence, and financial reporting. Proven ability to build end-to-end data pipelines and interactive dashboards using SQL Server, Power BI, and DAX. Strong expertise in data modeling, KPI tracking, and forecasting analysis to support data-driven decision-making. Experienced in collaborating with cross-functional teams and delivering scalable analytics solutions.

Education:

Master's in Supply Chain Management – Wichita State University

Exp-2027

Master's in Business Analytics – Wichita State University

2023-2025

B.Tech – Computer Science – RGPV, India

2019-2023

Skills:

Analytics & BI: Power BI, DAX, KPI Reporting, Dashboard Development, Data Visualization Ms Fabric

Data & Tools: SQL Server (SSMS), Excel, Tableau, Data Cleaning, Data Validation, Data Profiling

Modeling & Techniques: Data Modeling (Star Schema), Forecast vs Actual Analysis, Snow Flakes

Professional Skills: Workflow Optimization, Documentation, Cross-Functional Collaboration

Work Experience:

Data Analytics Intern **HFG Architecture, Wichita, KS** **Feb 2026 – Present**

- Built Power BI dashboards to track key financial KPIs (Forecast, Revenue, Billed, AR, Profit).
- Built end-to-end data pipelines integrating Vantagepoint → ODBC → SQL Server Power BI for automated reporting
- Extracted, transformed, and validated large datasets using SQL Server (SSMS) to ensure data accuracy
- Analyzed forecast vs actual performance to support financial planning and decision-making
- Developed and optimized DAX measures to improve reporting accuracy and performance
- Designed star schema data models to enhance scalability and efficiency
- Identified and resolved data inconsistencies through SQL validation and data profiling
- Collaborated with stakeholders to translate business requirements into analytics solutions
- Improved dashboard usability with KPI cards, drill-downs, and time-based analysis
- Assisted in planning scalable cloud-based analytics infrastructure

Graduate Assistant – Operations & Analytics **Wichita State University, Wichita, KS** **Nov 2023 – Present**

- Cleaned, validated, and analyzed datasets to ensure reporting accuracy
- Built Excel dashboards and recurring reports for KPI tracking
- Maintained documentation and standardized workflows
- Provided insights to support decision-making across teams

Graduate Assistant – Operations & Analytics **Center for Entrepreneurship, Wichita, KS** **May 2024 – Dec 2024**

- Supported analytics tools, scheduling workflows, and reporting processes
- Assisted in workflow automation and data organization

Social Media Analyst (Senior Manager) **IGROW MY BIZ, Bhopal, India** **Jan 2022 – Jul 2023**

- Managed content scheduling and performance analytics across platforms
- Generated weekly and monthly engagement reports
- Maintained structured content logs and metadata
- Provided data-driven recommendations to improve engagement

Research and Projects:

- **Projects:** BI dashboards, SQL pipelines, and KPI analytics for financial performance
- **Research:** NFC + AI in healthcare, and AI-generated content detection

Certifications:

- Google-Certified Digital Marketer
- Google IT Support Fundamentals
- Programming Fundamentals – Duke University
- UN-Certified Child Rights Activist
